

Some valuable books have been stolen from Master John Wyclif, the well known scholar and Bible translator. He calls upon his friend and former pupil, Hugh de Singleton, to investigate. Hughs investigation leads him to Oxford where he again encounters Kate, the only woman who has tempted him to leave bachelor life behind, but Kate has another serious suitor. As Hughs pursuit of Kate becomes more successful, mysterious accidents begin to occur. Are these accidents tied to the missing books, or to his pursuit of Kate? One of the stolen books turns up alongside the drowned body of a poor Oxford scholar. Another accident? Hugh certainly doesn't think so, but it will take all of his surgeon's skills to prove. So begins another delightful and intriguing tale from the life of Hugh de Singleton, surgeon in the medieval village of Bampton. Masterfully researched by medieval scholar Mel Starr, the setting of the novel can be visited and recognized in modern-day England. Enjoy more of Hugh's dry wit, romantic interests, evolving faith, and dogged determination as he pursues his third case as bailiff of Bampton.
