

For Erika and her team of Ivy League-educated archaeologists, trekking through a hot, wet jungle and penetrating the depths of the elusive dragon temple they've been hunting is all in a day's work. Little do they know that once inside, their minds and bodies will become immersed in centuries-old magic, the tantalizing effects of which they are powerless to resist. In spite of her attempts to prove she still has control, the magic compels Erika to begin a series of rituals to revive the long-sleeping denizens within the temple. Uncertain what to expect, her desire wins out when she sets eyes on the figure she is meant to awaken—a red dragon bound in the form of a beautiful man frozen in jade but definitely ready for her attention. Animus is the first episode in a series of six super steamy novellas that include all kinds of fun kinks involving shapeshifting mythical beasts who breathe magic smoke and have very long, prehensile tongues. It is intended for adult audiences. The Box Set is Now Available!
