

After a mysterious, violent accident ripped away the memories of her past, Paige Matthews has been on a mission to rebuild her life. That life wasn't supposed to include being attacked by demons or forced to leave the only home that she remembers. Riley Stone can make the dead do his bidding - for the right price. When he saves Paige from a bounty hunter sent by demon official Bruno Proctor, he knows he's stumbled into something dangerous and potentially lucrative. But the closer he gets to Paige, the more he finds himself inexplicably drawn to her plight. Perhaps if he can help her recover her memories, he has a shot at redeeming himself from his own unsavory past. On the run from Bruno, Riley and Paige don't know who to trust. As Paige's memories start to return, it becomes clear that their meeting wasn't a random coincidence. Paige's soul hangs in the balance, and Riley needs to use every dark, magical trick up his sleeve to keep her safe. ***Author's Note: Awaken (Protector #1) was previously published as The Protect Her serial installments 1-4.***
