

Nuclear war looms, an errant asteroid is headed for Earth, Yellowstone is showing signs of an impending explosion. There will be survivors. Are you going to be one of them? If so, how are you going to survive and contact your friends and loved ones? Even though the world has no set time of destruction and that day might never come, or perhaps next Thursday while you're on your way home from work could be the very day the killing blow comes. Will you be prepared? Join the author in an imaginative exploration of several scenarios of What Might Happen and practical ideas on mitigation of the Aftermath. Survival isn't always about stocking food and water in a mountain hideaway, collecting the best knives, guns and most ammo. Discover the important information you've been missing! This book was written specifically for the Kindle devices in mind.
