The books effect is achieved almost entirely through the comic magnetism of a single character.-The Times Literary Supplement A skillful, highly original writer... . The elegant language, witty asides and vivid observations are memorable.-The Literary Review Im bowled over by the sheer imaginative brilliance of the man.-Barry Humphries I love his elegant and intensely evocative style: strangeness lifts off his pages like a rare perfume.-J.G. Ballard A work of comic genius.-The Independent A wonderfully rich alloy of sub-Wildean witticisms and nonsense, *Cooking with Fernet Branca* had me laughing out loud and uproariously.-Ian Thomson, Sunday Telegraph Gerald Samper, an effete English snob, has his own private hilltop in Tuscany, where he wiles away his time working as a ghostwriter for celebrities and inventing wholly original culinary concoctions-including ice cream made with garlic and the bitter, herb-based liqueur of the books title. Gerald's idyll is shattered by the arrival of Marta, on the run from a crime-riddled former soviet republic. A series of hilarious misunderstandings brings this odd couple into ever closer and more disastrous proximity. James Hamilton-Patersons first novel, *Gerontius*, won the Whitbread Award. He is an acclaimed author of nonfiction books, including *Seven-Tenths*, *Three Miles Down*, and *Playing with Water*. He currently lives in Italy.
