

Meet Molly Masters, a zany mother and accidental sleuth who owns a one-woman business that creates humorous eCards. After a twenty-year absence, Molly has relocated her family to her childhood home in a suburb of Albany, NY, only to have her husband's reassignment abruptly changed to overseas. Molly's least-favorite high school teacher dies on the very same day that Molly receives both a letter from that teacher and an anonymous email that threatens Molly's life. All too soon, Molly finds herself knee deep in gossip...and murder.
