

Here, presented in one volume, are the four stories that comprise the "Deeper Desires"™ Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion with searing depictions of sex and emotion. Amanda loves her job"working as a doctor in one of the top American hospitals"but there's no doubt that it's stressful. So when she's offered a place at an exclusive medical training session in London, it's not only a brilliant reflection of her acclaim as a doctor, but also a chance to take a break from the hectic atmosphere of the hospital. When Amanda arrives, and finds that she's staying at the house of a Lord, she wonders whether she might have bitten off more than she can chew. Lord Arthur Coulby is undeniably sexy as hell, but the etiquette of living in a castle and hobnobbing with the royal class is totally unfamiliar to Amanda. When she turns up at dinner on the first night looking completely out of place in her figure hugging evening gown, she wonders whether she should just get out before things get worse. But the walk back to her room sees Amanda lost in the huge castle"and eventually finding her way into a mysterious red dungeon. Amanda has found Lord Coulby's sex dungeon"and when he walks in moments later, the tension in the room is high. Will they give in to sexual temptation? And will Amanda have the strength to adapt to a submissive role, after all her experience of being in control at the hospital? Amanda quickly learns that being a submissive is a role she could get used to"mind blowing sex, lunch dates, chauffeurs, and beautiful jewelry. But when a mysterious warning light interrupts one particularly intense session in the dungeon, Amanda might find herself vulnerable and at risk in a more serious way than she ever expected. This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
