

Flash Forward is The Magenta Foundation's annual emerging photographers competition. Now in its fourth year, this compelling look at emerging artists from three countries brings to light the talent and promise of an exceptional group of photographers. This small volume is essential for curators, collectors, advertising professionals, and artists who wish to stay fully informed about up-and-coming photographers. Flash Forward showcases the future of photography, focusing on emerging talent that jurors have identified as having great potential. The foreword is written by Andrea Carson, who writes on contemporary art, architecture, and design. Her writing appears in numerous exhibition catalogs, magazines, and newspapers.
