

Over the past thirty years, no other artist has had a more profound impact on the entire Marvel Comics franchise than John Romita, Jr. From teenage prodigy to full-blown superstar illustrator, his impeccable storytelling and hardcore professionalism have made him a fan-favorite. His gritty visuals and powerful tenacity for illustrating action have graced the pages of Amazing Spider-Man, Iron Man, Uncanny X-Men, Daredevil, and most of the companys other top-tier books over the course of his career. Like his father before him, nothing can stop this Modern Master from striving for the artistic perfection that makes the name Romita one of true royalty in the comics industry. This new book presents a career-spanning interview and discussion of JRJRs creative process, complete with both rare and unseen art, including an enormous gallery of commissioned work by one of the Modern Masters of comics!
