

When eccentric billionaire Charles Pennyworth died nearly a hundred years ago, he left behind more questions than answers. Most notably, what kind of animal had been living in the massive cage in his home? Now that Pennyworth Castle has become a historical site, Russell, a handsome cryptozoologist, has decided to find out. After learning that many have spotted a pack of griffins (large, mythical creatures with the body of a bear and the head of an eagle) while picnicking on the nearby cliffs, Russell decides to try his luck. But this young college guy soon discovers that he has bitten off more than he can chew, when the griffins surround him for a beastly gangbang. This is a 4,600+ word hardcore gay gangbang story featuring anal, double anal, rough sex, cream pies, and horny gay griffins.
