

Inspired by the possibilities of narrative, the essays in this direction-setting volume present stories drawn from a range of ethnographic contexts. Stories of illness and healing are often arresting in their power, and they can illuminate aspects of practices and experiences surrounding illness that might otherwise be neglected. Recognizing the value of increased theoretical consciousness among those eliciting and analyzing narratives, these contributors explore narrative from a variety of perspectives.

Proteus: Or the Future of Intelligence, Anaconda (A Day in the Life: Rain Forest Animals), The Hand of Ethelberta, un grand homme de province a paris (French Edition), Robotica, A Palace in the Old Village: A Novel, Always, Rachel: The Letters of Rachel Carson and Dorothy Freeman, 1952-1964 - The Story of a Remarkable Friendship (Concord Library), Hombres sin mujeres (Spanish Edition), The Dark Horse: A Longmire Mystery (Walt Longmire Mysteries Book 5),

Narrative and the Cultural Construction of Illness and Healing. Cheryl Mattingly and Linda C. Garro. eds. Berkeley: University of California. Stories of illness and healing are often arresting in their power, illuminating practices and experiences that might otherwise remain obscure. What can be. A valuable collection The essays in the volume are all fresh, the result of recent work, and the opening chapter by Garro and Mattingly places the current. To set parental engagement with MMR within the wider social world of which it has become a part, our research examined parents' personal experiences and.
