

This classic handbook, from the originator of sensory integration theory, is now available in an updated, parent-friendly edition. Retaining all the features that made the original edition so popular with both parents and professionals, *Sensory Integration and the Child* remains the best book on the subject. With a new foreword by Dr. Florence Clark and commentaries by recognized experts in sensory integration, this volume explains sensory integration dysfunction, how to recognize it, and what to do about it. Helpful tips, checklists, question-and-answer sections, and parent resources make the new edition more informative and useful. Indispensable reading for parents, this book is also an excellent way to improve communication between therapists, parents, and teachers. The original edition was the first book to explicate sensory integration dysfunction, and this edition offers new insights and helpful updates in an easy-to-use format.

Sono stanco, ma non so perche...! (Salute e benessere) (Italian Edition), Scaredy Kate, Trials and Triumphs of Faith, A Visual Introduction to Monkeys & Apes: A Visual Introduction to Monkeys and Apes (Animal Watch), Bug Out Gear for Travelers (Practical Survival Series Book 8), Autobiografia di Benjamin Franklin (Biografie, autobiografie, diari e memorie) (Italian Edition), Correr, comer, vivir: La inspiradora historia de uno de los mejores corredores de todos los tiempos (Spanish Edition),
