

Before a hero can rise, he first must fall. Two days have passed since the destruction of the Weapons Manufacturing Facility, and all is quiet in the capital. The World System, believing the rebellion defeated, celebrates its victory and makes preparations for a return to the status quo. Those hopes shatter when the World System breaks in half, and the Ruling Council raises a new seat of government in war-torn Rome. Amidst the chaos, Grace rises to the helm of Silent Thunder and continues the rebellions assault on the city. Under threat of a new worldwide war, the MWR places Alexandria under martial law and gives Grand Admiral Donalson leave to purge the capital of all the disloyal. 301s allegiances become increasingly blurred as his doubts about the World System reach their breaking point. In the treacherous world of kings and pawns, secrets and spies, he realizes that there is only one thing he knows that is true. But before the end he will have to choose the World System or the rebellion; love, or vengeance... Grace's life, or his own. Shadow Fall is the second book in the Shadow Saga series.
