

Perfect love is transformed, by time's cruel passing, into a late life awakening for Robbie Tanderlay. The erotic experiences of a lifetime are relived along with the horrors that the marine microbiologist's half-brother and employer thrust upon him. Driven by a family dynasty of greed and corruption, Robbie uncovers long hidden secrets that threaten his life. And it's only because of the divers psychic realizations that he is able to wade his way through the underworld and emerge successfully. As the gripping story weaves its way through your most wild imaginings, you discover that little fears can become immense terrors. We live out life changing events with Tanderlay as he is forced back underwater to save the life of his grandson, Kelly. At its climax, the boy's psychic gifts enables the undersea explorer and adventurer to revisit a scene of terror and surface from it with wild dreams that have become a fantastic reality.
