

Your Lord Randall believes that a staff with satisfied urges is a loyal staff. So he allows you to pleasure one another without recourse. Chambermaid Cora is surprised by how happy and easygoing Lord Randalls servants seem to be. The last household in which shed served had been full of grim determination, but Bottomleigh is full of good cheer. It seems that Lord Randall knows that a resentful footman suffering from sexual frustration and pent-up tension is far more likely to pilfer the silver, so he has relaxed the usual expectation of celibacy among the staff. But he also knows that a pregnant maid is sluggish and a disgrace to the household. With the help of good Dr. Burns, her new lord will teach Cora how to let the handsome footmen use the backdoor, reserving the more...formal entrance for Lord Randall himself.
