The Edge of Disaster Alexia Hammond, broken and destroyed by a tragedy she can't seem to recover from, is on a downward spiral toward destruction. A life of partying, alcohol, drugs and men has brought her near the edge of disaster. That is until one night while at work as a waitress in an upscale restaurant, she falls under the spell of one of her customers, Pearce Middleton. Once she gazes into his smoky gray eyes, her life takes on new meaning. But can she put her past behind her and allow herself to fall for the exciting and gorgeous Pearce, or will her lewd behavior come back to haunt her and ruin her chances of happiness forever?

Shattered Edge Their trial relationship was meant to last six months, but things didn't quite work out the way they planned... Justin Middleton, who has left a string of broken hearts across the state of South Carolina, has only one thing on his mind, and that's winning Terri Mitchell's heart in six months. That's all the time she's given him...six short months. If he can't do it by then, they'll go their separate ways. Terri Mitchell knows she's lost her mind when she even suggested this harebrained scheme. She finally thinks her heart is on the mend from her past encounter with Justin. However, when he shows up at her house late one night looking deliciously sexy and irresistible, her iron will to fight him vanishes and the words tumble from her lips before she's barely aware of what she's done. Within weeks, both of them find themselves passionately involved, but when Terri's brother, Preston, shows up, mysterious things begin to happen, turning their blissful world into something dark and dangerous.

Kissing Fire Preston Mitchell has many secrets. As an undercover DEA agent, he's lived a life of danger and obscurity. A relationship was never a consideration...until the lovely Avery Middleton stumbles into his life. To the outsider, Avery has it all...wealth, family, connections and a great job. But on the inside, she's miserable. With a selfish mother driving her to the brink of insanity, a kooky neighbor that has zany plans for her to become a sumo wrestler, and a social life that's in the toilet, Avery decides her only salvation is to get the hell out of town and start a new life. So she moves across the country and right into the path of hot and sexy, Preston. Unfortunately, Avery ends up being in the wrong place at the wrong time and is now running for her life. Preston is determined to protect her but she suddenly finds herself irresistibly captivated by him. There's only one problem. Preston's covert missions have created a load of mental baggage resulting in an impenetrable wall around him that no one can break through. But Avery rocks Preston's world because she is nothing like anyone he's ever met and something extraordinary begins to develop between them. Can their love survive in this world, where danger, intrigue and deception lurk on every corner?
