

From the bestselling author of award-winning historical romance, a classic Highlander Romance Highland Rogues #2 – Lois Greiman creates the ideal atmosphere for her compelling tale, placing her strong characters in difficult situations and building a dramatic conflict that keeps us wondering just how their relationship will be resolved. Ms. Greiman’s hallmark powerful storytelling makes her a must-read author. • “Romantic Times 1535, Scotland Gilmour MacGowan can have any lass he desires” except for the headstrong and beautiful Isobel Frasier who wants nothing to do with the arrogant head of Clan MacGowan. But Gilmour is used to getting what he wants and he wants Isobel! Fiercely independent and a wee tad stubborn Isobel must not marry if she’s going to protect her own clan, especially if that rogue of rogues, Gilmour is the threat he appears to be (tempting though he is!) Then unexpected danger rears its head, and, as Gilmour and Isobel journey through the Highlands together, they may find that loving your enemy is the most satisfying adventure of them all!
