

A Full-Length Novel Starring Aaron Stevens An exotic dancer has gone missing and the police aren't taking it too seriously, so Aaron Stevens must take the law into his own hands and investigate his sister's disappearance himself. As he uncovers connections between a series of brutal murders that have Toronto police baffled, Aaron gets too close to the truth and finds himself targeted by a billionaire who doesn't care how many people have to die to keep his secret hidden. With unlimited resources, The Specter eliminates anyone who dares threaten his empire. Aaron's amateur sleuthing and martial arts expertise shouldn't present any problems, but when money and power do battle against family ties and passion, all the rules go out the window. *Aaron is featured in The Victim, The Vigilante and The Rogue, Sarah Roberts Books Five, Seven and Eight.
